What we do

Resco is one of the global leaders in developing cross-platform mobile software solutions. We are committed to providing our clients with efficiency and flexibility and tackle this challenge by offering a large variety of tools and features with the option to choose from them à la carte. This enables our customers to design a mobile solution perfectly respecting, reflecting and further enhancing their business processes. All of that while supporting 100% offline mode, first-class security, and ease of use.

Our portfolio includes:

Mobile Application Development Platform (MADP)

Build an entirely custom solution from the ground up, using our elements

Mobile Sales

Give sales reps everything they might need on the go in one handy app

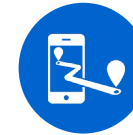

Field Service

Ensure field tasks get done properly and fast

Inspections

Create, assign, complete and evaluate field inspections with ease

Route Planner

Schedule and overview routes of every team member

City Smart Services

Revolutionize communication between local authorities and citizens
